*At Manusonic, we value your time. Our fully automated scheduling and time & attendance solution optimizes your workflow—delivering greater efficiency, precision, and compliance across every industry.*

### SCHEDULING & SHIFT MANAGEMENT

- **Effortless Employee Assignment:** Quickly match employees to shifts based on skills, qualifications, and availability.
- **Simplified Shift Management:** Easily handle replacements, shift extensions, and open shift coverage—all from one intuitive interface.
- **Proactive Compliance:** Automatically detect and prevent overtime conflicts and ensure adherence to labor regulations.
- **Centralized Multi-location Scheduling:** Streamline scheduling across multiple locations seamlessly from a single unified platform.

### EMPLOYEE TIME TRACKING

- **Biometric Time Clock:** Securely capture accurate employee attendance, eliminating buddy punching and manual entry errors.
- **Mobile App:** Enable remote employees to effortlessly clock in/out, track their hours, and submit requests from anywhere.
- **Web Timesheet:** Simplify payroll processing with real-time visibility, automated approvals and seamless integration into your HR and Payroll systems
- **Tablet App:** Provide convenient, on-site self-service kiosks, ideal for fast-paced environments

### What's the First Step.

It starts with a 45-minuted discovery call—no sales pitch, no slide decks. Just a focused conversation to understand your facilities, your requirements, and the unique challenges you face.

Next, we'll design a personalized walkthrough of the full scheduling + time & attendance lifecycle using Manusonic—so you can see exactly how it looks and functions in your own environment.
